Dairy-Lick

GET THE MINERAL
SUPPLEMENT ADVANTAGE
WITH AMS **Dairy-Lick**
MINERAL LICK FOR
CALVES, REPLACEMENT
HEIFERS, DRY COWS &
LACTATING COWS

AMS **Dairy-Lick** is a dry weather resistant loose mineral lick containing essential macro and micro minerals and vitamins for all ages of cattle, to prevent deficiencies of essential nutrients and build a stronger skeletal reserve (bone bank) to enhance overall performance and optimum health.

Feeding AMS **Dairy-Lick** provides ad-lib availability to those animals that do not have access to good quality feed sources and provides necessary vitamins and minerals for sustaining development, growth and health. Animals deficient in vitamins and minerals can self-medicate and recover faster.

SUPPLEMENTS

*To Sustain Herd Health &
Performance*

What is AMS Dairy-Lick

AMS Dairy-Lick is a dry water-resistant formulation supplying essential macro and micro minerals and vitamins for young stock and dry cows, and lactating cows that are not fed a supplement in the milking dairy.

AMS Dairy-Lick contains the macro minerals, Calcium, Phosphorus and Magnesium, to support the growth and development of calves and yearlings, and meets the gap in mineral nutrition for dairy cows between dry off and calving.

AMS Dairy-Lick also contains the micro minerals Zinc, Copper, Cobalt, Selenium, Manganese, and Iodine and the Vitamins A, D and E as well as Biotin for hoof development and strength.

What are the benefits of using AMS Dairy-Lick

- Supports the growth and development of calves and yearlings
- Supplements mineral nutrition for cows between dry off and calving
- Assists with hoof development and strength
- Enhances skeletal development and body condition in replacement heifers

Dairy-Lick Mineral Lick - FOR ANIMAL USE ONLY

- Store in cool, dry place out of direct sunlight.
- This product does not contain restricted animal material

Directions for Use

AMS Dairy-Lick Mineral Lick should be offered to all stock in free draining open troughs. It is designed for a daily intake of 80-100 grams/head. In showery or wet weather troughs should be checked daily. Initially additional salt may be added to AMS Dairy-Lick to prevent intakes exceeding 100 grams per head/day.

AMS Dairy-Lick is Available in 20 kg lined bags

Nutritional Analysis (per 100grams)

Ingredient	Level	
	Unit	Value
Calcium	Min%	15
Phosphorus	Min%	3
